Katrīna DIMITRE

President

Latvijas karsēju sporta federācija (LKSF)

Registration Number: 40008258221

REPUBLIC OF LATVIA

Dear President Dimitre, dear Katrīna:

On behalf of the IOC recognized World Governing Body of Cheerleading, the International Cheer Union (ICU), and based on a review of your application by the ICU Governing Council (GC); please accept this letter as confirmation that ICU's GC has unanimously accepted "Latvijas karsēju sporta federācija (LKSF)" as ICU's interim Provisional Member for the Republic of Latvia. This interim Provisional Member status will remain in place pending the official vote by the 2018 ICU General Assembly regarding LKSF's status on Tuesday 24 April 2018.

As presented by your LKSF submission and confirmed by the ICU's efforts to directly contact ICU's existing Provisional Member for Latvia - "DS Organizacion" since May 2017 as well (and no return communication for many years), ICU's GC has granted this status based on the inactivity of DS Organizacion – to provide better progress to benefit the Athletes within your country. The ICU GC has also unanimously agreed to suspend DS Organizacion's ICU provisional membership during the interim as well - to further assist LKSF's efforts to move forward our sport in Latvia.

Please be assured that during this interim, LKSF has all rights associated with ICU Provisional Membership – including but not limited to, the listing of LKSF details on the ICU website and in all formal communication for Latvia, admission to ICU meetings and events- as well as a prominent position for the ICU Latvia Membership vote this coming April 2018.

Katrīna, we again very much appreciate the contributions you have made to the development of Cheerleading within the Republic of Latvia, and we look forward to more progress of our Sport in Latvia for years to come. Should you require further information at any time, please contact me at your absolute convenience. As we come closer to Tuesday 24 April 2018, the ICU will be in contact for any updated information, so that a full profile of LKSF can be provided for the 2018 April ICU General Assembly vote.

Yours in Sport,

Karl Olson
